SKILLS

Business: I have been interested in working in the open market from the beginning, working with my own team and teamwork and where there are many companies in front of you in front of you, taking out business while living among them is the fun of doing business. Everyone has their own way but as far as I understand that I can bring even a drowned company in my label to success, I have so much confidence in myself.

OBJECTIVE

I am looking for a challenging job with a rapidly growing organization that can provide me with a range of goals and job objectives within a contemporary and economical business setting.

EXPERIENCE

K K interprises Jan 2000 - Dec 2002
Executive

This was an institution of ICICI Bank where I used to give two wheeler loans and at that time 8 to 10 boys used to work under me.

Shri ram city union finance ltd Jan 2003 - Dec 2005
Branch incharge

Here I was appointed to give two wheel loan for the whole of Chhattisgarh, to do business with all the vendors in Chhattisgarh, if I talk about the boys working below me, then there were only 10 boys in Raipur and the whole Chhattisgarh counted. 50 to 60 boys used to work under me at that time, whom I used to get work done.

Teamwork: The success of any business is fearless in its teamwork, a single person cannot take any business to the heights of success, if his team is right and he takes good care of them, then his business can reach any height. Like we talk about India in the cricket team, if the captain's decision turns out to be right and there is teamwork, then victory is possible every time.

Problem Solving: For the success of business, you will have to solve every problem of all the people in your team because if you select the whole team, then you should be aware of both their good and bad things. If you go on solving the problems, then your team gets full confidence on you, due to which they work more hard and diligently, from time to time, give them some reward as a reward for the enthusiasm of your team and then give them something. See, you will see yourself in the top of this competitive market

You should hold a meeting with your team on time and take everyone's opinion and give your opinion to solve the problem coming in business. Maybe you have the same opinion as theirs. Every month at least 2 times a meeting should be held with your team. This gives information about the different activities going on in the market.
