INTERNSHIPS

Vaastraveda Enterprises LLP, November 2019 - December 2019

- As an intern I was told to manage their page and post and create content. Other than this after every week we had a meeting where the next target is discussed and brainstormed. Interacting with many people with different streams helped me a little to understand how most of the things work relating to that role and helped me to gain experience.

Harsh Hasthkala, September 2022 - November 2022

- Running Ads, handling pages, creating content and many more comes under marketing which every company needs. Now a company which deals in gifting or to be more precise corporate gifting also needs marketing and to handle their platform where the content can be displayed is where I come. My task is to create content, reels, ads and handle everything related to their pages.
